

4 point Busbar Compact

This 4 point Busbar is more compact than the Heavy Duty Model. Despite its smaller base it is widely applicable because of the 210A current it can handle.

Technical Information

Maximum current	:	210A at 12V
Maximum Voltage	:	48V
Terminals	:	1/4" (6,35mm)
	:	3/8" (9,53mm) 3x red
	:	5/16" (7,94mm) 3x black
