

## USB Charger A+C (built-in)

This USB Charger is equipped with standard USB A en with USB C. This charger is now ready for the new EU Regulation that all mobile devices needs to have a USB C port. The rubber cover protects against dust and water.

### Technical Information

Input Voltage	:	12V - 24V DC
Output Voltage	:	USB A 5V DC 3,0A (QC) USB C 5V DC 3,0A (QC) Both together USB A + C (5V DC 2,4A + 2,4A)
Number of ports	:	1 x USB A and 1 x USB C
Material	:	Nylon with glass fiber
Operation Temperature	:	-20 °C up to 45 °C
Insulation Resistance	:	DC 500V 100MΩ min.
Dielectric strength	:	AC 1500V 1 minute

Water and dust proof with closed cover

4202889	:	With BLUE LED
4202890	:	Without LED
Mounting Hole	:	29mm Cross Section
