

Class T-Fuseholder

Decent and strong fuseholder for the T-Fuses. T-Fuses are also known as JIN Fuses.

Technical Information

Maximum Current	:	400A at 12V
Max. Current Continuously	:	264A
Max Current for 60 sec	:	440A
Holder can be used with	:	225A up to and with 400A
Maximum Voltage	:	48V
Stud	:	3/8" (10mm)
Cable thickness	:	up to and with 120mm ²
Material Base	:	Glass-filled Nylon
Base Colour	:	Red or Black
Connection bolt material	:	Stainless Steel
Complete with kap (rood)	:	Article number 958735N8N02
Compleet met kap (zwart)	:	Article number 958735N8N14
