

## Flatplug or Tab Type Busbar

This busbar is developed to work with Flat-plugs or push-on quick connect terminal. This method saves a lot of time. 2,5 times faster than by the use of fork terminals and 3,5 times faster than the standard ring terminal.

### Technical Information

Maximum Current	:	55A at 12V 20A per connection
Maximum Voltage	:	48V
Connection post	:	3/8" (10mm)
Cable thickness	:	up to and with 120mm <sup>2</sup>
Material Base	:	glass filled nylon
Colour Base	:	Red or Black
Material Connection post	:	Stainless steel
