

EPDM Water hose, Agriculture quality

Special for the agriculture sector manufactured EPDM water hose. Also suitable for the use with air.

Technical Information

Construction

Tube : Black, seamless, heat, water and air resistant EPDM
 Reinforcement : High tensile synthetic fibers
 Cover : Black with red stripes. High resistance against heat, aging and ozone, EPDM

Temperature Range continuously : -20 °C tot 80 °C

Temperature Range peak : -40 °C tot 120 °C

EPDM water/air hose

DG art.nr.:	Size		Working Pressure [bar]	Bursting pressure [bar]	Weight [gr./m]	Bending Radius [mm]
	Inner diameter [mm]	Outer diameter [mm]				
4445013	13	19	20	60	195	100
4445015	15	22	20	60	250	130
4445019	19	27	20	60	370	160
4445025	25	34	20	60	525	240

Important REMARK:

EPDM is not suitable for Fuel, Oil and other hydrocarbon based solvents.
